

Ex. 6 - Personal Privacy

January 10, 2012 – Well Survey by: Rupert and Taylor

- 2 seniors at residence
- Sediment filter only
- Well depth approx 185, 20 feet of surface casing, 6 feet of cement casing (pump set at 175) well installed approx 60 years ago
- Pump replaced approx 8 – 10 years ago
- Well has been tested
- Shared their pre-drilling results conducted by Quantum and post drilling conducted by DEP during survey
- No recent or past changes in water quality (taste, odor, appearance)
- Currently use well water for drinking, cooking, bathing, watering plants
- Have not been provided an alternate source of water
- Have an active lease with gas company (“plugged”)

*Listed on the “list of provided water by Cabot” – but indicated they have never received any water since the results did not indicate any contamination
